ABOUT ME

People turn to me for out-of-the-box solutions and innovative approaches.

Gaming and crafting unique game experiences are my greatest passions. I'm especially drawn to games with solid mechanics and killer level design. Over the past few years, I've played several games that have profoundly influenced my work:

- Tinykin (Level Design)
- Nobody Saves the World (Combat Design)
- Return of Obra Dinn (Content Design)
- Inscryption (Content Design)

When I'm not developing games, I'm studying how to create them; and when I'm not studying, I'm immersing myself in playing them.

I've been creating games since 2018 and have over five years of professional experience as a designer and producer.

EXPERTISE

Unity Engine

Version Control (Git & Plastic SCM)

Documentation (Sheets, Notion, Docs)

Team Coordination

Game Designer & Level Designer

Producer

ACHIEVEMENTS

Oct 2025 | Unisinos
1st Place Overall. ([DeliveRoo!](#))

EXPERIENCE

2024 – Current

Level Designer & Game Designer
Aurecas

Projects Involved:

- [Stick vs Zombies](#) (Mobile, Platformer, Shooter)
- [Evil Tower](#) (Mobile, Idle, Tower Defense)
- [Space Defense](#) (Mobile, Idle, Tower Defense)

Contributing to multiple game projects, driving monetization growth across titles with a combined total of over 90 million downloads by designing engaging gameplay systems that balance player satisfaction with business goals.

2021 – Current

Narrative Designer for role-playing games
Cecília Meireles Education Center

Developing and writing full stories for interpretative role-playing games like Dungeons and Dragons, Call of Cthulhu, and other systems, and then running those campaigns on a weekly basis for student groups of children and teens.

2025 – 2026

Producer, Game Designer & Level Designer
RNP (Rede Nacional de Ensino e Pesquisa)

Projects Involved:

- [We got Hacked](#) (Completed)

1.5 years as Lead Game Designer and Producer for an educational game that simulates hacker attacks scenarios based on real life situations encountered in the daily work of cybersecurity professionals.

2023 – 2026

Producer, Game Designer & Level Designer
Atomic Rocket Entertainment

Projects Involved:

- [Escape Room](#) (Completed)
- [Legado Palmares](#) (Completed)

3 years creating educational games at Atomic Rocket Entertainment, a startup incubated at Unisinos University (Brazil)
